Products Overview

Destaco Products “At A Glance”
Focusing all of our Resources

New Product Development
Destaco has dedicated resources to design and build the next generation of products and solutions

Customer and Technical Service
Destaco has industry leading global support to address any product and application concerns you may have

Design Tools
Destaco provides an extensive CAD library, sizing software, and online tools to support our global customers

Our Insight Working for You

Application Engineering
We utilize our expertise and complete portfolio of products to create solutions that fit our customers’ needs and applications

Custom Solutions
If our off-the-shelf solutions don’t fit, we will partner with our customers to develop products that will

When an off-the-shelf product can’t handle it - we can!
With many years of experience working with OEM machine builders, we can make our product fit your unique application. We will partner with you to design the right product for your application – from altering an existing product to building a completely new product, we have the experience and expertise to help your project succeed.

Using our expertise to develop custom solutions for unique applications, Destaco helps you save time and resources, allowing you to focus on your core business and gain a competitive advantage in the marketplace.

• Proven quality from the experts
• Reduce risk by using our experienced engineers
• Easy reordering with unique part numbers
• Simplify your supply chain
• Three levels of customization from simple alterations to complex custom products

MANUAL AND PNEUMATIC POWER CLAMPS

Vertical Hold Down Clamps

100+ Models Available

Horizontal Hold Down Clamps

70+ Models Available

Push Action Clamps

70+ Models Available

Squeeze Action Plier Clamps

80+ Models Available

Pull Action Latch Clamps

50+ Models Available

Pneumatic Toggle Clamps

30+ Models Available

Pneumatic Swing Clamps

Pneumatic Power Cylinders

Pneumatic Round Power Clamps

Pneumatic Power Clamps

Tolerance Compensating Power Clamps

Pin Clamps & Packages, Pivot Units

Product offering and availability is subject to change without notice
END EFFECTOR SOLUTIONS

Accelerate® Lightweight Tooling

World Tool & Round Tooling Systems

Tool Changers & Compliance Devices

Lower Tooling Components

BodyBuilder™ Tooling System

SpiderGrip™ Tooling System

Vacuum Cups & Products

ARV® Auto Release Venturi Vacuum Generators

Destacker Products

Accelerate® Press Room Grippers

Sheet Metal Grippers

Bag Grippers
Grippers, Rotaries, and Linear Slide Solutions

Engineered Reliability

Destaco’s Robohand products are engineered for reliability and long life to ensure maximum production uptime. These products are designed and machined for precise repeatability with minimal maintenance.

Rotary Indexers and Conveyor Solutions

Smarter Precision Indexing

Destaco’s CAMCO products have been the industry standard for the highest quality cam-actuated motion control products available. Destaco manufactures a wide range of motion control products including indexing drives, linear and rotary parts handlers, precision link conveyors, magnetically-propelled conveyors, servo-mechanical drives, and custom cams.

Manual and Pneumatic Clamping Solutions

Designed to Hold Securely

Destaco manual and pneumatic light-duty clamps are built to last for years of service, and designed to keep your workpieces in place. Manual and light-duty clamps are offered in a wide variety of styles to hold a part securely in place during an application.

Power Clamping and Pivot Solutions

Clamp with Confidence

Destaco power clamping products range from heavy-duty sealed clamps for welding environments, to compact light-duty clamps for a variety of clamping applications. Pin clamps and pivot units are used in locating and positioning applications. All of these products offer exceptional clamping forces, holding capacities, and durability.

End Effector Solutions

Speed Matters

Destaco end effectors are designed to help you move parts faster in today’s production line by using high strength, lightweight aluminum modular components, durable vacuum cups and the fastest venturis on the market.

Remote Handling and Containment Solutions

Clean. Safe. Flexible.

Destaco’s Central Research Laboratories (CRL) rapid transfer ports, gloveport systems and telemanipulators allow human operators to safely perform dexterous maneuvers in hazardous or sterile environments. Destaco’s CRL products are designed for safe and efficient handling of materials where the human operator cannot have direct contact.
